To ensure families are united and self-sufficient by obtaining and maintaining safe, affordable housing in the communities of their choice.

Services for Families

- 5-Year Housing Vouchers
- Case Management
- Counseling Support
- 24/7 Staff Phone Support
- Connection to Job-Training & Employment

Frequently Asked Questions

What are my commitments if I become a Keeping Families Together community partner?

You will rent your property to a family for up to 5 years in 1-year increments. Your responsibilities as landlord are the same as renting to any other family. The difference is that you will receive third party payments through the New Jersey Department of Community Affairs (DCA). You will have the benefit of 24/7 KFT staff phone support to promote positive tenant behaviors, mitigate risks, and address concerns.

What types of families will participate in Keeping Families Together?

The New Jersey Department of Children & Families refers families to KFT when a lack of safe and appropriate housing impacts the welfare of the children.

How will payments be made?

Families receive housing vouchers in order to secure stable housing in the community of their choice. Rent payments will be administered by DCA. This ensures regular, on-time payments for landlords.
