

New Jersey Youth Corps of Sussex County

Serving Sussex & Northern Warren County

I dropped out of high school during my freshman year. I did home schooling for 2 years. It was good at first, but I got to a point where I couldn't teach myself the harder concepts. It was going very slowly. I heard about this program and it sounded amazing. I figured I had nowhere else to turn.

The staff and the students are really nice. We get along well, but it was a tough adjustment for me. Being with a bunch of people was different after being at home for so long.

I liked the community service projects. We talked while we worked and we got to know each other that way.

Without the New Jersey Youth Corps, I wouldn't have a diploma. Now I am graduating at the same time as the friends that I have kept in touch with from my original high school.

This program is a second chance. I am going to apply to Sussex County Community College and take general ed classes at first. I am considering majoring in psychology.

To enroll, or to find out more about the New Jersey Youth Corps, call 973-940-3500 or visit www.projectselvesufficiency.org.
