

New Jersey Youth Corps of Sussex County

Serving Sussex & Northern Warren County

High school was not the place for me. I was a lot older than the people I went to school with because I was held back when I was younger. I needed something new. When I heard about the New Jersey Youth Corps, it sounded too good to be true.

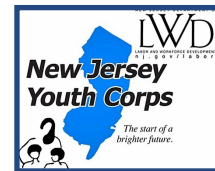

The New Jersey Youth Corps is exactly what I was looking for – it's the complete opposite of high school.

Here you give back and you get back. At first, I was skeptical about the community service, but I realized that these are good skills to have. We are maintaining the campus and learning how to work with children. The New Jersey Youth Corps rewards you for the work that you do.

Before the New Jersey Youth Corps, I never felt accomplished. I never felt I was getting enough out of my days. This experience has changed me. It has given me a better outlook on people who have a difficult time in high school and it has given me more empathy. I would definitely recommend this to people who have a hard time with high school.

The best thing about the New Jersey Youth Corps is the connections you make here. The teachers are so easy to talk to. If there is something you are interested in, you can learn more about it here. My favorite subject is history. I have loved history ever since I was a little kid. After I graduate, I want to go to college and study film and media.

To enroll, or to find out more about the New Jersey Youth Corps, call 973-940-3500 or visit www.projectsselfsufficiency.org.
