

New Jersey Youth Corps of Sussex County

Serving Sussex & Northern Warren County

I moved around a lot. I went to 3 high schools in 3 years. I dropped out of school when I was a junior and I was working and living independently when I heard about the New Jersey Youth Corps.

I was undecided about this program at first, but I knew it was important to get a diploma and go to college.

This program makes you more responsible for yourself. It teaches you independence, and self-discipline and maturity. You must pay attention in class and be prepared.

The staff is great. They are always encouraging and good at keeping us on track.

This is a great opportunity. You will get experience and meet different types of people.

Before the New Jersey Youth Corps, I wasn't sure how I was going to get to my future goals of college and a career. Now there is a pathway that is visible.

In college, I want to study marine biology. I love nature and animals, and I am interested in preserving the environment.

To enroll, or to find out more about the New Jersey Youth Corps, call 973-940-3500 or visit www.projectsufficiency.org.
