

# New Jersey Youth Corps of Sussex County

Serving Sussex & Northern Warren County

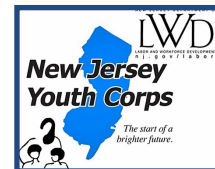

I hated high school. I didn't get along with the teachers. I was a lazy student and it wasn't a good place for me. I dropped out during my junior year. As soon as I got here I realized that this is the right place for me. I fit right in.

The students here are all close and we talk a lot. We work as a group and we always stay on task. It's fun to do work here. My favorite subject is history. I've always been a history buff. We also learn life skills like how to write a resume and other stuff you will actually need in life.

The community service sticks with me. It interests me the most and I like the break from school and being able to do stuff for the community. I really like to help out around the campus here and I like going off campus. I like working with my hands. There are new experiences and new things to do that could land you a job after you graduate.

This program is the best thing. It's a fresh start. They care about you. They want you to succeed in life. It's made me a happier person. It's a better version of high school minus all of the unneeded drama. Before the New Jersey Youth Corps, I was lost in life. I had goals, but I didn't see the path to achieving those goals. They showed me what I needed to do to when I got here. After I graduate, I want to go to work in HVAC, carpentry or some type of construction.

**To enroll, or to find out more about the New Jersey Youth Corps, call 973-940-3500 or visit [www.projectsufficiency.org](http://www.projectsufficiency.org).**
